## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Water Infrastructure Finance Authority of Arizona  
Phoenix, Arizona

We have audited the accompanying financial statements of the Water Infrastructure Finance Authority of Arizona, a discrete component unit of the State of Arizona, as of and for the year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the Water Infrastructure Finance Authority of Arizona's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Water Infrastructure Finance Authority of Arizona, as of June 30, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2011, on our consideration of the Water Infrastructure Finance Authority of Arizona's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Unrestricted	54,056,827	56,557,749
Total Net Assets	\$ 450,847,789	\$ 436,040,077

The Authority net assets increased to \$450,847,789 during 2011, an increase of \$14,807,712 over 2010. The increase in net assets was primarily the result of loan activities.

## REVIEW OF REVENUES, EXPENSES AND CHANGES IN NET ASSETS

The following table shows the condensed statement of revenues, expenses and changes in net assets for the past two years.

Years Ended June 30,	<u>2011</u>	<u>2010</u>
Program Revenues		
Program loan interest revenue	\$ 23,123,041	\$ 22,347,120
Debt management fees	14,808,090	13,248,075
Total program revenue	<u>37,931,131</u>	<u>35,595,195</u>
Program Expenses		
Administrative expenses	9,172,440	12,860,683

Ending net assets	<u><u>450,847,789</u></u>	<u><u>\$ 436,040,077</u></u>

Compared to 2010, total program revenue increased by \$2.3 million. The increase was primarily due to greater loan repayments.

WIFA relied on significant federal capital contributions and bond proceeds to fund loans in 2011 and drew contributions from multiple open federal capitalization grants.

### BUDGETARY HIGHLIGHTS

The Authority's Board of Directors adopted an operating budget of \$2,423,822 for the period July 1, 2010 through June 30, 2011.

## ECONOMIC AND OTHER FACTORS

### Anticipated Bond Sales

Early in the 2012 fiscal year the Authority is planning to conduct another bond sale. The Authority is looking for approximately \$130 million in new funding and \$42 million to be used for refunding of prior issues.

### Authority Automation Efforts

The Authority brought its comprehensive database on line in 2009. Efforts are ongoing to develop and implement additional fiscal related applications to automate financial activity.

### Federal Capitalization Grants

The Authority received \$27.2 million for Drinking Water and \$13.7 million for Clean Water. The Authority anticipates that future federal capitalization grants will be smaller.

WATER INFRASTRUCTURE FINANCE AUTHORITY OF ARIZONA  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2011

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Water Infrastructure Finance Authority of Arizona (WIFA) is a political body and a component unit of the State of Arizona (State). WIFA's financial information is discretely presented in the Comprehensive Annual Financial Report of the State of Arizona. It is authorized to administer the Clean Water Revolving Fund and The Drinking Water Revolving Fund (Funds). WIFA is governed by a twelve-member board of directors. The day-to-day administrative functions of WIFA are overseen by WIFA's Executive Director and other staff employed by WIFA.

The Clean Water Revolving Fund was created pursuant to the Federal Water Pollution Control Act of 1972, as amended by the Water Quality Act of 1987 (Clean Water Act), which required the State of Arizona to establish the Fund to accept federal capitalization grants for publicly owned wastewater treatment projects. The purpose of the fund is to provide financial assistance, including loans to political subdivisions and Indian tribes to finance construction, acquisition, restoration or rebuilding of wastewater treatment facilities.

WIFA has an agreement with the Environmental Protection Agency to administer the Drinking Water Revolving Fund pursuant to the Safe Drinking Water Act. The fund was established to provide water facility loans including forgivable principal to political subdivisions of this state, Indian Tribes and other eligible entities as determined by the board pursuant to the Safe Drinking Water Act, make drinking water facility loans, purchase or refinance debt obligations of drinking water facilities, assist in purchasing insurance for local drinking water facility bond obligations, pay the costs to administer the fund, fund other programs pursuant to the Safe Drinking Water Act and provide linked deposit guarantees through third party lenders with recourse against deposit if payments are not made when due.

The Funds are authorized to be capitalized through ( i ) moneys, if any, appropriated by the State Legislature, ( ii ) federal capitalization grants and other federal moneys received by WIFA to fund the Fund, ( iii ) proceeds of WIFA's bonds, including bonds issued to provide matching State moneys as required by the Clean Water Act, ( iv ) moneys received from political subdivisions or Indian tribes as repayment of loans from the Fund, including interest and penalties thereon, ( v ) interest and other income received from investing moneys of the Fund, and ( vi ) gifts, grants and donations received from any public or private source. In order to receive federal capitalization grants, the State must provide matching funds in a ratio of \$1 of State matching funds for every \$5 of federal capitalization grants. The State began appropriating money for deposit into the Funds in 1998. Previously the State matching funds were provided from proceeds of the WIFA's capitalization bonds.

The accompanying financial statements present the Clean Water Revolving Fund and the Drinking Water Revolving Fund, which includes all of the revenues and the administrative expenses of WIFA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Type

WIFA plans to maintain the federal capitalization grants as the fund's restricted net assets. Therefore, the periodic determination of revenues earned, expenses incurred, and changes in net assets are appropriate for capital maintenance, public policy, management control, accountability and other purposes. As a result, the accounting records are maintained as an enterprise fund. Only earnings from the administrative grants, debt management fees and interest earned on accumulated excess administrative income can be expended for expenses or utilized to match federal grants.

WIFA distinguishes program revenues and expenses from non-program items. Program revenues and expenses generally result from providing services in connection with financing and administering moneys for the Clean and Drinking Water Revolving Funds. The principal program revenues of WIFA are program loan interest and management fees. WIFA's program expenses are administrative, program loan costs and grant related expenses. All revenues and expenses not meeting this definition are reported as non-program revenues and expenses.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. WIFA's financial statements are reported using the economic resources measurement focus. WIFA's accounting records are maintained on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when they are earned and expenses are recognized when they are incurred. Pursuant to Governmental Accounting Standards Board (GASB) Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting, the WIFA follows GASB guidance as applicable to proprietary funds, and Financial Accounting Standards Boards Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989 that do not conflict with or contradict GASB Pronouncements.

Investments

WIFA has adopted provisions of Statement No. 31 of the Governmental Accounting Standards Board, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. This standard requires certain investments to be reported at fair value rather than at cost.

Investments in Guaranteed Investment Contracts are stated at cost, since they are non-participating contracts. The investment of excess revenue in the 2001 Master Trust Indenture is stated at fair value, which approximates cost.

WATER INFRASTRUCTURE FINANCE AUTHORITY OF ARIZONA  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2011

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash Equivalents

WIFA considers all highly liquid debt instruments purchased with maturities of three months or less at acquisition date to be cash equivalents. Cash equivalents are stated at cost, which approximates market.

Capital Assets

Capital assets acquired by the Funds are stated at cost. The capitalization threshold has been set at \$5,000. Depreciation has been allocated using the straight-line method over the following estimated useful lives:

Computer and Peripheral Equipment	3 - 5 years
-----------------------------------	-------------

Compensated Absences

WIFA employees accrue vested annual leave at a variable rate based on years of service. Employees forfeit accumulated annual leave in excess of 320 hours at the end of a calendar year. Any employee who separates from WIFA service is paid for all unused and unforfeited annual leave at the employee's rate of pay at the time of separation.

Sick leave includes any approved period of paid absence granted an employee due to illness, injury or disability. Employees accrue sick leave at the rate of eight hours per month without an accumulation limit. Because sick leave benefits do not vest with employees, a liability for sick leave is not accrued in the financial statements.

Long-term Obligations

Long-term debt is reported as fund liabilities in the applicable fund's statement of net assets. Bond premiums, bond issuance costs and loss on retirement of bonds are deferred and amortized over the life of the bonds using the straight-line method.

Net Assets

WIFA restricts amounts received from the federal and state government for the purpose of providing financial assistance for publicly owned wastewater treatment and drinking water facilities.

Grants

Grants restricted for program loans are recorded as contributions. Grants that are used for operating purposes are recorded as revenue. Federal grants for project related expenses may not be drawn until qualifying expenditures are incurred.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Administration

Employees of WIFA perform administration of the Funds. Expenses relating to the administration are funded from the capital facility grant (up to a maximum of 4 percent of the capital facility grant) and fees charged to loan recipients (see Note 8).

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 CASH AND INVESTMENTS

Cash and cash equivalents

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, an entity will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party.

At June 30, 2011, the carrying amount of WIFA's cash with treasurer totaled \$145,335,429 of which \$143,822,611 was invested in the State Agency's pool number 3. The remaining balance of \$1,512,818 was on deposit and collateralized with securities held by the pledging financial institution or by its trust department or agent but not in the Authority's name.

At June 30, 2011, the carrying amount of WIFA's cash with trustee totaled \$6,396,114 and was invested in money market funds. WIFA maintains their cash held by trustee in an irrevocable trust account in the name of WIFA held by the trust department of a financial institution located in Phoenix, Arizona (separate from all other funds and investments of the trustee). These balances are directed by the State Treasurer to be invested in a full faith and credit money market fund that is not insured by the Federal Deposit Insurance Corporation or collateralized by the trustee.

NOTE 2 CASH AND INVESTMENTS (Continued)

Investments

The State Treasurer directs WIFA's investments. ARS 35-312 and ARS 35-313 require the State Treasurer to invest in obligations of the U.S. or its agencies including sponsored agencies, corporations, sponsored corporations or instrumentalities, collateralized repurchase agreements, bonds or other evidence of Indebtedness of the State of Arizona or its political subdivisions, commercial paper, bankers acceptances, certificates of deposit, interest-bearing savings accounts and bonds, debentures, notes and other evidences of indebtedness issued by U.S. corporations meeting certain rating criteria. WIFA's investments at June 30, 2011, consisted of collateralized guaranteed investment contracts. The guaranteed investment contracts are not insured by the Federal Deposit Insurance Corporation.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. Information about the sensitivity of the fair values of WIFA's investments to market interest rate fluctuations is provided by the following table that shows the distribution of WIFA's investments by maturity:

<u>Investment Type</u>		<u>Remaining Maturity (In Months)</u>			
		<u>12 Months or Less</u>	<u>13 to 24 Months</u>	<u>25 to 60 Months</u>	<u>More Than 60 Months</u>

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the Standard & Poor's rating as of year-end for each investment type.

Investment Type		Ratings as of Year-End			
		AAA	AA	A	Unrated
State Investment Pool	\$ 143,822,611	\$ -	\$ -	\$ -	\$143,822,611
Money Market Funds	6,396,114	-	-	-	6,396,114

	<u>\$ 265,571,173</u>	<u>\$ 115,352,448</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$150,218,725</u>

If any of the bank's credit rating falls below levels defined in the investment contracts, the State Treasurer may direct the bank to enter into a repurchase agreement with the Trustee pursuant to which the bank shall sell and deliver to the Trustee certain U.S. government obligations in a principal amount equal to invested moneys and accrued interest. If the rating falls below "A" the Trustee shall have the right to withdraw all amounts invested and accrued interest.

Concentration of Credit Risk

The investment policy of WIFA contains no limitations on the amount that can be invested in any one issuer. Investments in any one issuer are as follows:

Issuer	Investment Type	Reported Amount
State Investment Pool	State Investment Pool	\$ 143,822,611
First American US Treasury Money Market	Money Market	6,396,114
Bayerische Landesbank	Guaranteed Investment Contract	40,585,506

NOTE 3 PROGRAM LOANS

The Funds have made loans to local governments and others in Arizona to finance various projects pursuant to the requirements of the Clean Water and Safe Drinking Water Acts. The loans are generally payable in semiannual installments due January 1 and July 1 of each year, including interest. However, several loans are payable monthly or quarterly. Changes in the program loans are as follows:

	<u>July 1, 2010</u>	<u>Increases</u>	<u>Decreases</u>	<u>June 30, 2011</u>
Clean Water Fund	\$ 800,093,683	\$ 107,593,312	\$ (86,973,893)	\$ 820,713,102
Drinking Water Fund	<u>358,044,222</u>	<u>35,825,208</u>	<u>(23,713,396)</u>	<u>370,156,034</u>
	<u>\$ 1,158,137,905</u>	<u>\$ 143,418,520</u>	<u>\$(110,687,289)</u>	<u>\$1,190,869,136</u>

Repayment of these loans will be made from pledged property taxes, net revenues from the systems, transaction privilege taxes or from special assessments. Most loans have a .3 to 4.0 percent annual administrative fee.

Some program loans require a monthly or quarterly payment into a debt service reserve to assure payments of the loans. The debt service reserve is a liability of WIFA to the borrowers and interest on the reserve accrues to the borrowers.

NOTE 4 RETIREMENT AND PENSION PLAN

Arizona State Retirement Plan

Plan Description. The Arizona State Retirement System (ASRS) administers a cost sharing multiple-employer defined benefit pension plan that covers employees of WIFA. The ASRS is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2. Benefits are established by state statute and generally provide retirement, death, long-term disability, survivor, and health insurance premium benefits. ASRS issues a publicly available report that includes financial statements and required supplementary information. The report may be obtained in writing at ASRS, 3300 N. Central Avenue, P.O. Box 33910, Phoenix, Arizona 85067-3910 or by calling 602-240-2200 or 1-800-621-3778.

Funding Policy. The Arizona State Legislature has the authority to establish and amend benefits provisions and contributions for active plan members. For the years ended June 30, 2011, 2010 and 2009, active ASRS members and the District were each required by statute to contribute at the actuarially determined rate of 9.85, 9.40 and 9.45 percent (rate includes 0.25, 0.40, and 0.50 for long-term disability), respectively, of the members' annual covered payroll. WIFA's contributions to ASRS for the years ended June 30, 2011, 2010 and 2009 were \$87,993, \$91,823 and \$84,647, respectively.

NOTE 5 INTERNAL BALANCES

At June 30, 2011, the Clean Water Fund owed the Drinking Water Fund \$15,899,664 which was the result of short-term borrowing for loan draws. Funds will be repaid from the fiscal year 2012 debt issue.

NOTE 6 BONDS PAYABLE

Bonds payable at June 30, 2011 are summarized below. The bonds are callable and interest is payable semiannually. The bonds are special obligations of WIFA payable solely from and secured by the Authority's assets. The obligations are not obligations, general, specific or otherwise, of the State of Arizona or any other political subdivision thereof other than WIFA.

On April 7, 2004, WIFA issued \$97,100,000 of Water Quality Refunding Bonds to do an advance refunding on part of the 1992, 1997A, 1998A and 2001 bonds. Under the terms of the refunding issue, sufficient assets to pay all principal and interest on the refunded bond issues have been placed in irrevocable trust accounts at commercial banks and invested in U.S. Government Securities which, together with interest earned thereon, will provide amounts sufficient for future payment of principal and interest of the issues refunded. The amount outstanding on those defeased bonds as of June 30, 2011 is \$62,995,000.

In July 2009, WIFA issued \$39,655,000 of Water Quality Revenue Refunding Bonds Series 2009A to do an advance refunding on the remainder of the 1996A and 1999A bonds. Under the terms of the refunding issue, sufficient assets to pay all principal and interest on the refunded bond issues have been placed in irrevocable trust accounts at commercial banks and invested in U.S. Government Securities which, together with interest earned thereon, will provide amounts sufficient for future payment of principal and interest of the issues refunded. The redemption date was September and October 2009, so the amount outstanding on those defeased bonds as of June 30, 2011 is zero.

In July, 2010, WIFA issued \$42,325,000 of Water Quality Revenue Refunding Bonds Series 2010A to do an advance refunding of a portion of the 2004A Water Quality Refunding Bonds. Under the terms of the refunding issue, sufficient assets to pay all principal and interest on the refunded bond issues have been placed in irrevocable trust accounts at commercial banks and invested in U.S. Government Securities which, together with interest earned thereon, will provide amounts sufficient for future payment of principal and interest of the issues refunded. The amount outstanding on those defeased bonds as of June 30, 2011 is \$43,125,000.

The advance refunding was done in order to reduce debt payments. The refunding issue decreased WIFA's total debt service payments by approximately \$1.8 million. The transaction resulted in an economic loss of approximately \$1.6 million.

The \$9,903,544 deferred amount on retirement of bonds is being amortized over the lives of the defeased bonds on the straight-line basis. Annual amortization is \$2,370,544 and \$710,871 for Clean Water Revolving and Drinking Water Revolving Funds, respectively. Amortization has been offset against interest expense.

Bond premiums are being amortized over the life of the bonds. Annual amortization for the following bonds is \$6,226,198 and \$3,061,173 for Clean Water Revolving and Drinking Water Revolving Funds, respectively, and is included in interest expense.

NOTE 8 ADMINISTRATIVE REVENUES AND EXPENSES

WIFA is authorized to utilize a portion of the facility grant as an administrative grant (not to exceed 4% of the net capital facility grant). These funds are deposited to an administrative grant account maintained by WIFA which is accounted for in a separate fund at the treasurer's office.

WIFA also receives a loan origination fee on most loans and servicing fees assessed on the outstanding loan balance from each of the local borrowers (Debt Management Revenue). These fees are used to defray program administration expenses, and are collected and recorded by WIFA as separate funds at the treasurer's office.

WATER INFRASTRUCTURE FINANCE AUTHORITY OF ARIZONA

PHOENIX, ARIZONA

COMPLIANCE REPORT

Year Ended June 30, 2011

HENRY & HORNE, LLP  
Certified Public Accountants

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS

Board of Directors  
Water Infrastructure Finance Authority of Arizona  
Phoenix, Arizona

We have audited the financial statements of the Water Infrastructure Finance Authority of Arizona (the "Authority"), as of and for the year ended June 30, 2011, and have issued our report thereon dated September 30, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Authority's, management, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
