

Project of the Year Award

WIFA Policy #: I.12

Purpose:

To annually recognize exceptional WIFA projects.

Policy:

The WIFA Project of the Year awards are given to outstanding WIFA-funded projects as demonstrated by their performance in resolving water quality issues, securing public support, cooperative funding efforts, sustainability (energy and water efficiency) and exceptional system and project management practices.

Eligible projects are those which completed construction or were substantially complete during the previous calendar year. If there are any projects which meet the criteria for the Project of the Year Award, WIFA staff will nominate those projects in the first quarter of the year. Awards are then selected by the WIFA Advisory Board.

Responsibility: Communications Director
