

Multiple Technical Assistance Awards

WIFA Policy #: II.5

Purpose:

Describe WIFA's restrictions on multiple technical assistance awards.

Policy:

WIFA will apply the following restrictions on multiple and consecutive technical assistance awards:

- WIFA will not make more than one technical assistance award per applicant during the same funding cycle. (An applicant may receive more than one type of technical assistance for the same project.)
- WIFA will not award consecutive technical assistance awards, either for consecutive funding cycles or for consecutive fiscal years.
- WIFA will not make more than one technical assistance award for the same project or to address the same system issue.

An applicant is defined as the wastewater, stormwater or drinking water utility to which the funding will be awarded.

Responsibility: Senior Program Administrator
